Cache County Planning and Zoning Commission  
179 North Main St.  
Logan, UT 84321

Dear Commissioners,

Subject: Proposed Rainy Ranch Ski Resort.

We, the undersigned, are members of the Cherry Creek Water Company. We each hold culinary water shares in this company. The two springs that supply this company with water are located below 11345 N 2000 E, a county address in Richmond, UT and above the intersection of 11600 N 1100 E, a county address, located on the border between Cove and Richmond, UT. In other words, the springs are part of the water supply that is located below the proposed Rainy Ranch Ski Resort and supply our homes and our farms with culinary water.

If the ski resort is passed we demand that our company will be guaranteed that no contamination will occur to our springs and that if it does, it will be fixed immediately and that if any of our water is lost, it will be restored immediately and all costs incurred will be assumed by the ski resort. If this guarantee cannot be made in writing and met, we are definitely against the ski resort.

We would like to be put on a mailing list to be notified of all meetings that are held in the future which pertain to the passing of this ski resort.

Thanks very much,

The members of the Cherry Creek Water Company
